English as a Second Language (ESL) classes are for adults who do not speak or read English as their native language. The program has beginner, intermediate and advanced levels. The courses focus on developing speaking, listening, reading, and writing skills needed for everyday life in the United States.

The General Equivalency Diploma (GED) program offers adults an opportunity to complete their high school education, improve basic education skills, and enhance their employment situation through courses which prepare students for the GED test. There may also be an opportunity to jointly progress through the GED and College Workforce training. More information will be provided at the Orientation.
